**Message:**

Dear Ms. Sholl,  
I spoke with Mr. Ira Lazarus, Supervising Examiner for my application, number 10/614,004, who confirmed that my Petition to Make Special for said application, which was originally included at the time of filing, is still not showing up in the system. I would very much appreciate your assistance in getting this matter resolved as soon as possible. The parent application, from which this application is a division, is already issued as Patent number 6,736,118, and I am very anxious now to have this divisional application processed forthwith.  
I am attaching a further copy of the Petition for your reference.  
I left a number of messages with your voice mail, and if you get a chance, I would very much like to speak with you as well.  
Thank you ver much for your help.  
Applicant.  
Bill Velke
